## Specifications

Item	Specification
Frequency Range	2400 ~2483 MHz
Data Rate	1.5 Mbps
Modulation FSK,	FSK, FHSS
Transmission distance	150M (Line of Sight)
Command Rate	20 byte per second (Two way)

### Video

Item	Specification
CMOS Sensor	VGA , 640*480
Image Processing	Motion JPEG
Image Resolution	320*240
LCD Display	2.36" TFT
Exposure	Auto, 1/30 ~ 1/800 Sec
White Balance	Auto

### Audio

Item	Specification
Input Sampling Rate	8K samples / sec, 8bit / sample, Mono
Output format	PWM(250KHz, 28 steps), Mono
Volume control	Analog VR control

### System

Item	Specification
Power consumption	TX: 280mA, RX: 230mA
Power Supply	4*AAA batteries / 6V DC adaptor for camera ; Li battery for monitor
Night Vision	IR LED, Detection by Sensor Brightness
Brightness Control	5 steps
VOX	Voice activation
